

Request for revision of deliverable submission for the project "STAR II (814775)".

On date 19/02/2020, the officer "Angeelika ROODEN" has requested the revision of the submission for the deliverable with title "Third validation workshop (Dublin)" and number "2" for the project "STAR II (814775)".

Request for revision comment:

-Since the first event in Dublin was very disappointing (only 14 attendance, when 100 were foreseen), we could ask for improved dissemination of the event to be included in the deliverable, and for it to be resubmitted.
