

STAR I WP4 Coordination Meeting

Budapest, 18.07.2019

1. Participants

Dr. Júlia Sziklay (NAIH)

Gábor Kulitsán (NAIH)

Renáta Nagy (NAIH)

Dr. István Böröcz (VUB)

2. Minutes of the meeting

Agenda item 1 – Pre-financing payment

István Böröcz informed the participants that the last pre-financing payment (for the 8th quarter of the STAR project) will be received from the EC following the approval of the project closing (presumably in January 2020). The NAIH welcomed the fact that the delayed pre-financing payment arrived.

Agenda item 2 – Translation of the Handbook

Júlia Sziklay inquired whether the drafted training materials could be translated to Hungarian as the Hungarian translation would be extremely useful for the Hungarian addressees of the project. The partners discussed the possibility of the translation under a contract (the method should be clarified and permitted by the EC).

Agenda item 3 -Interviews

As the DPAs and DPOs are not quite willing to validate and make comments on the draft training materials other methods are to be considered to reach them.

1. Chambers of Commerce and Industry in Hungary– DPOs (one of the reasons why the Hungarian translation of the training materials is needed)
2. NAIH regularly organizes a training event for DPOs (annual conference) and on other one for judges where the training materials could be tested
3. The final event of the project – the training material should be sent to the participants in advance, so they can share their thoughts on the event

Agenda item 4 - Final validation event

1. If the PO approves, the final event will be held in Albania on the 22th of October (available period 14.30 – 18.00) and the partners will make a cca 45-50 minutes long presentation on the findings of the project and validate the training materials.
2. Also a separate event will be held in Brussels for DPOs in October 2019.
3. Can the costs of attendance of the invitees reimbursed from the project?

Agenda item 5 – webinars

1. Presentation of the STAR project; how to use the training materials
2. Questions tot he audience: do they miss something from the materials, is there anything unnecessary, the changes they experience after the GDPR

Budapest, 19.07.2019
